DIRECTIONS: Solve the word problem. Use a model to help you solve the problem.

1) Box A has a mass of 48 kg and Box B has a mass of 12 kg. What is their total mass?

2) Melanie bought 350 g of flour. She used 243 g to make bread. Then she used 50 g to make gravy. What was the mass of flour left?

3) There are 18 kg red apples and 33 kg green apples in the van. Out of all these fruits, 13 kg were rotten.

   a. How many kg of apples are there in the van in all?

   b. How many kg of apples are not rotten?
