$\qquad$

Directions: The bar graph below shows the number of marbles that 4 boys have.

Write $\mathbf{T}$ for true and $\mathbf{F}$ for false on the blank.
$\qquad$ 1. Brix has 20 marbles.
$\qquad$ 2. Joe has more marbles than Mike.
$\qquad$ 3. Brix has the least number of marbles.
$\qquad$ 4. Dan has 20 fewer marbles than Joe.
$\qquad$ 5. Brix has 10 more marbles than Dan.
$\qquad$ 6. Mike has more marbles than the combined marbles of Brix and Dan.
