Topic: Math – Rounding Off Numbers to the Nearest Ten

DIRECTIONS: Complete the table.

Number	Rounded off to the Nearest Ten	Write using $\approx$
A) 64		
B) 25		
C) 387		
D) 742		
E) 3 565		

DIRECTIONS: Round off each number to the nearest tens.

- |           |                 |           |                 |
|-----------|-----------------|-----------|-----------------|
| A) 349    | $\approx$ _____ | F) 10 303 | $\approx$ _____ |
| B) 4 608  | $\approx$ _____ | G) 68 427 | $\approx$ _____ |
| C) 7 325  | $\approx$ _____ | H) 29 051 | $\approx$ _____ |
| D) 9 286  | $\approx$ _____ | I) 55 482 | $\approx$ _____ |
| E) 14 528 | $\approx$ _____ | J) 18 635 | $\approx$ _____ |

DIRECTIONS: Circle the best answer. Round off to the nearest tens.

A) Sarah walked about 660 steps to the next building.

What is the greatest distance she could have walked?    655                      659                      664

What is the least distance she could have walked?    655                      656                      660

B) The horses travelled about 290km across the country.

What is the greatest distance the horses could have travelled?    294                      295                      300

What is the least distance the horses could have travelled?    284                      285                      286
