Directions: Solve each problem. You may draw a time line, if necessary, to help you solve it.

1. Paul and his friend played a game of billiards at 14 45. The game lasted for 55 minutes. At what time did the game end?

2. The movie ended at 23 25. The movie lasted 2 hr 10 min. At what time did the movie start?

3. The marathon started 11 30 and ended at 0045 the next day. How long was the marathon?

4. Vincent studied for the test in the library. He was there for 4 hr 35 min long. He left the library at 9: 55pm. What time did he start studying?

5. Bryan left his house to go to the spa at 17 15 for a 1hour foot massage. If he took 20 minutes to get to the spa, at what time did he return home?
