Directions: Answer the word problem. Write the equation and solve.

1. The monsters had a party. Mike Wasawksi ordered 9 orange balloons, 7 red balloons, and 5 baskets of flowers. How many balloons did he order?

2. Sully put decors around the place. They put 7 paper flowers on the left side, 6 paper flowers on the right side and 10 balloons in the middle. How many paper flowers did they use in all?

3. Celia cooked 18 hotdogs, 9 eggs and 4 slices of ham. How many hotdogs and eggs did she cook?

4. Boo invited monsters from all over. At 7pm nobody arrived yet. But at 8pm, 1 visitors arrived. How many visitors arrived?
